Kaspar. Tue, 08 Jan 2019 02:15:00 GMT Earthbag Articles - Earthbag Building - I see at least two main approaches to building a pit house with earthbags: 1. Mimic Mike Oehler's™s greenhouse design using earthbags instead of poles and shoring. 2. Mimic conventional walipini pit greenhouses. That's™s what I've chosen to do in the following drawing. It's™s very similar to Thu, 10 Jan 2019 22:22:00 GMT Earthbag Pit Greenhouse Plans | Natural Building Blog - Cross Section. This modern Solar Pit House is based on the traditional pit house. The construction is much the same. Additional modules™ have been added to create an elongated rectangular design for added living space and windows added on the south for solar gain.
